Very clean and helpful during section; made himself accessible to students ~~through~~ outside of scheduled class times for questions or clarification of material.

Cared a lot about student performance - was timely in ~~return~~ grading/returning problem sets & exams, and always posted additional practice problems ~~&~~ for exam reviews.

Overall, a very effective GSI! I really enjoyed this class as a direct result of ~~the~~ section, because Donian made the material easy to understand.

Doñan's sections were somewhat a waste. They weren't required and so not everyone attended. Generally, his graphs made concepts more confusing and I found section to be totally unhelpful. He was a very fair grader and graded for understanding of the material rather than nitpicky details. This class could have a very useful section but mine simply was not.
