Dorian was excellent. Had it not been for Dorian, I ~~would~~ would be struggling a lot and not fully grasped the material. Every section he was very organized and well prepared. The packets he prepared for section and the material we went over ~~was~~ ^{were} excellent and Dorian helped me so much. I feel very fortunate to have had the pleasure to have him as a GSI. He was very thorough, clarified everything we were confused about and he explained things very well. In my opinion and the opinions of many of my classmates in lecture, Dorian was the best GSI of the entire course.

Dorian ~~was~~ is a great GSI and the handouts he makes for section are very helpful. Overall, the GSI is really good and always willing to help. He also takes his time in explaining any material in detail that students don't understand.

Dorian was an excellent GSI who was very bright and understanding. He was patient and very kind. I learned a lot in section and actually look forward to going. He summarized material and then went over analytical questions every class.

- Dorian was a great GSI and explained all points and important topics clearly.
- I would not have survived ECON 100B w/o him!!
 - He was always willing to stay back longer and explain anything to us.
- Even though section wasn't mandatory, I went only because I understood in section better than I did in lecture ☺

WOO DORIAN!! ☺
